

## **Convenience is here with CO-OP Shared Branching!**

Personalized service is a major benefit of banking at Capstone Federal Credit Union, and you don't have to sacrifice convenience to get it. Take advantage of Capstone FCU's shared branching services through CO-OP Shared Branch. Access your account at any of the **5,100 credit union branches nationwide**.

Look for the CO-OP Shared Branch logo to find shared branches near you.

The national CO-OP Shared Branch network links participating credit unions electronically, allowing credit union members to do “branch banking,” even when the branch near you doesn't belong to Capstone FCU. This is a huge benefit to Capstone FCU members who travel, whose workplaces don't coincide with our branch locations, or who simply enjoy the convenience of expanded access. Wherever you are across the country, chances are good there's a shared branch near you.

Shared branching is yet another example of credit union membership offering the best of both worlds—individualized attention and nationwide availability. The cooperative spirit of credit unions allows them to work with each other in ways that competing banks typically do not. Visit [www.co-opsharedbranch.org](http://www.co-opsharedbranch.org) or download the Shared Branch Locator app for iPhone or Android to find branches nearest you. You can also look for the “CO-OP Shared Branch” logo on the door of any credit union branch.

At a CO-OP Shared Branch location, you can:

- Make deposits and withdrawals
- Make loan payments
- Make credit card payments
- Access VISA® or MasterCard® funds

Many shared branches also offer transfers, statement histories, money orders, traveler's checks and notary services. Since services vary from one location to another, check with individual branches before your visit for a complete menu of available services and “Guest Member” fees.

**To access your account, you need three things:**

- 1) The name of your credit union**
- 2) Your account or member number**
- 3) A valid ID**
